Staunton, Virginia

(We insert the following in lieu of the usual introductory, it having been furnished us by the Board of Trade.)

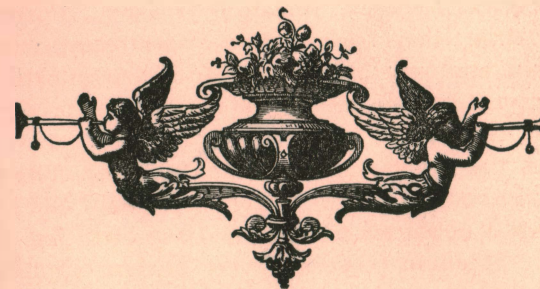

STAUNTON is aptly named the "Queen City of the Valley." It is one of the newest "old towns" in the country, situated at the head of the historic Valley of Virginia, about fifteen hundred feet above sea level, surrounded by high hills, which, in many other places, would be called mountains. Its climate is equally pure and healthful. Its inhabitants are mostly "to the manor born," of Scotch-Irish descent, cultured, progressive and conservative. At the close of the Civil War Staunton was but a quiet little inland town, bereft of everything except its unpretentious buildings, all of its male inhabitants capable of service having been in the Confederate army. Upon their return, with the same dauntless, heroic spirit that animated them in following their great leader, "Stonewall Jackson," during the four years of bitter strife, they looked their disheartening surroundings square in the face, and took hold with a grim determination to conquer, and Staunton to-day is one of the liveliest, most progressive and picturesque little cities in the country.

At the close of the war its population was not much more than three thousand, but it at once seemed to awaken to new life and hope. To-day its population is about ten thousand. Its growth has been slow but continuous. Staunton possesses every modern appliance necessary to an up-to-date municipality. Its streets are paved with vitrified brick, and regularly sprinkled and swept. It has unsurpassed water works of pure spring water, a model paid fire department, electric lights, a fine, commodious opera-house, two large auditoriums, beside that of Y. M. C. A.'s fine building. The most modern and best adapted school buildings for white and colored. Staunton's public schools are unsurpassed.

Besides these public buildings Staunton has a Masonic Temple and an Odd Fellows Temple, which are among the finest in the South. It has four successful banking houses, one of which is numbered among the strongest in the country. Its colleges are patronized by nearly every State in the Union. The Mary Baldwin and the Virginia Fe-

male Seminaries and the Staunton Military Academy are required to enlarge their capacity by new buildings every year. The pupils of these three institutions will number between five and six hundred. The School for the Deaf and Blind, Dunsmore's Business College, with upward of 300 pupils, and the Western State Hospital is located there. The credit of Staunton's business men, like that of the city, is of the best. Its Board of Trade has a membership of eighty-five, and actively looks after its business interest, which will compare favorably with most of its size. It has two flourishing plants, the Putnam Organ Factory and Staunton Overall Factories, with between two and three hundred employees. Besides these there are a number of smaller manufactories.

The inhabitants of this ideal city of homes are "broad-gauged" in their views, and proud of their reputation for old Virginia hospitality. Strangers are courteously welcomed regardless of political or religious proclivities.

The Dunsmore Business College

STAUNTON, VIRGINIA

Established 1872

32nd SESSION

Chartered by Legislature 1884

It does not guarantee positions or agree to pay railroad fare as an inducement to secure patronage. It DOES guarantee thorough preparation for securing and holding a position after it has been secured. And to this end it has been wonderfully successful. At this time not one of our Combined or Full Course Graduates is out of employment, their salaries ranging from \$40 to \$300 per month. Write at once for catalogue and statements that verify the foregoing assertion.

AFTER THE *SCHOOL BOOKS* OF THE

B. F. Johnson Publishing Co.

Adopted by the State had been fully tested,
 Ex-Governor McSweeney, of South Carolina,
 wrote :

“Ignoring the fact that by the introduction of your publications we have saved the people of the State thousands of dollars, the fairness of your Histories, and the justice done our Southern men and women in your Readers, has met with favorable criticism at the hands of educators of our State. In my judgment, no State would make a mistake by adopting your textbooks for use in their schools.”

Speaking of a Large Contract for School
 Books secured by the

B. F. Johnson Publishing Co.

The Richmond Times says :

“Merit will tell and enterprise will tell; and the merit of the Johnson books and the enterprise of the concern have won the victory.”

Can Cancer Be Cured?

It Can

WITHOUT the use of the knife we cure Cancers, Tumors, and Chronic Sores, charging nothing for examination. Our patients are our best friends.

sss

Come and see the Cancers we have removed and cured from our now happy patients, and are daily curing. They are wonderful. If then you are not satisfied, we will pay all your expenses.

The Association of American Directory Publishers

The Association of American Directory Publishers is composed of reputable City Directory Publishers, organized for the general advancement of the Directory business. Any person, corporation or firm engaged in business as owner and publisher of a City Directory in the United States or Canada, who shall qualify as competent to gather information and compile a City Directory and furnish satisfactory references, is eligible to membership.

The objects of the Association are:

First. The advancement of the Directory business and the improvement of Directories by the interchange of ideas and the exchange of experienced employees.

Second. To provide **protection** to the public against **fraudulent advertising schemes which operate under the name of Directories**, and to drive unprincipled promoters of the same out of the business.

Third. To provide permanent and profitable employment to competent, industrious and honest Directory canvassers and compilers.

Fourth. For the mutual protection and advancement of the established and prospective interests of all who may become members, by personal advice and assistance of members as may be mutually satisfactory, desirable or advisable, and by such other means as may, from time to time, be shown to be wise, proper and lawful.

\$100.00 Reward Will be paid by the Association for the arrest and conviction of any person or persons engaged in publishing, collecting or canvassing for any fraudulent or fake directory.
